80% Polyamid/20% Spandex  
€ 63.-  
without straps € 55.-

## Pirate Indoorcycling bike at its best....

the bike is completely made of aluminum and stainless steel !  
we used only the finest industrial bearings  
the bike has a belt drive, a 21kg fly wheel and a brakepad with  
a clipsystem.  
Hopefully the special Indoorcycling saddle will not be covered too long...  
The bike has not only been developed for long term use in studios,  
but naturally could be used in your livingroom....  
....but probably will outlast his owners.

**€ 1390.-**
